WE CAN'T KEEP VOTING FOR THE SAME TWO PARTIES AND EXPECTING A DIFFERENT RESULT.

Did you know 1 in 3 big corporations pay zero tax? And the two major parties take millions in donations from the big corporations ripping us off.

The Greens can't be bought. Big corporations and billionaires should pay their fair share to fund what we need:

Dental into Medicare,
more mental health services
and free GP visits

No new coal and gas,
action on climate and stronger
environmental laws

Bring back free Uni and TAFE,
wipe student debt and boost
funding to our public schools

Affordable housing,
a cap on rent increases and
low-rate mortgages

Universal free and
high-quality childcare and
early childhood education

Massive expansion of cheap,
reliable renewable energy

KEEP DUTTON OUT, GET LABOR TO ACT

"Last time there was a minority government, the Greens secured world leading climate laws and dental into Medicare for kids. This is our chance to deliver again."

Dr Mehreen Faruqi, Deputy Leader of the Australian Greens, and Senator for NSW.
